Disposable Pads, Pull Ups and All-In-One Briefs

GMobility offers a range of continence products, including disposable pads, pull-ups, and briefs, providing individuals with greater comfort and protection in their day-to-day lives.

ABENA San Premium Pads

For light-to-heavy incontinence, these pads are shaped to contour the body and have double-leg cuffs to prevent leakage. They are fully breathable, which reduces the risk of skin irritation. The smaller pads (Abena-San 1 to 4) have an adhesive strip that secures the pad to the underwear.

ABENA Slip

ABENA Slip is a premium range of all-in-one briefs for all degrees of incontinence. This product has a 100% breathable back sheet, a wetness indicator, an odour system to reduce unpleasant odours, and a highly absorbent core. Briefs are a good choice where removing pants to change incontinence products is difficult.
